

LOS POETAS

LOS POETAS highlights the creative freedom involved in our winemaking philosophy, as we believe that great wines are conceived more from poetry than from science, seeking to encapsulate the identity of the terroir.

Therefore, and driven by Karim's passion for literature, this label pays tribute to our favourite poets, presenting them in a graphic collage: Walter Whitman, Jorge Luis Borges, Allan Poe and Shakespeare.

And in this patchwork of different varieties and terroirs, Karim gives life to different wines that express his freedom and playfulness, imprinting them with his signature winemaking style.
